....The Bank Habit....

Possibly you who read this have never kept a bank account. If not, let us suggest that you try the experiment. Aside from the fact that your money will be safe from fire and theft, such a habit tends to thrift, economy, discipline and a general understanding of business principles, all of which are essential to success. It also affords a convenient method for the payment of bills; and, as the checks are always preserved and returned to you, they serve as receipts for the amount paid.

MAN AND WIFE DEAD IN BEAUTIFUL HOME

Special to the Herald.
New Rochelle, N. Y., Nov. 23.—Mr. N. Smith and his wife were found dead from pistol shots in their beautiful home at an early hour this morning. The house was discovered on fire, which caused an alarm and an investigation revealed the tragedy. The police hold to the theory that Smith killed his wife, set fire to the house, and then committed suicide. Other people think robbers are responsible for the crime. Smith was found in a room separate from his wife. The man had a bullet wound behind his ear. Two maids were found in the house almost unconscious from the smoke and from fear.

WOMAN SUFFRAGISTS PRECIPITATED RIOTS

Special to the Herald.
London, Nov. 23.—The woman suffragists stormed every police station throughout England and Scotland today. They were rejected everywhere, except in a few cases, where magistrates ordered them thrown in jail. The campaign begun by a prearrangement. After being arrested the women yelled that they were not amenable to man-made laws. Charges were preferred against many for disturbing the peace and for contempt of court. In several provinces efforts were made to rescue the women prisoners, and several riots occurred in the court rooms.

Special to the Herald.
Kansas City, Mo., Nov. 23.—President O. D. Woodard and Managing Editor H. J. Groves of the Post were shot today by R. C. Horn, an editorial writer on the paper. Woodard is said to be seriously wounded.

Woodard received a bullet in each lung and one in the abdomen. Groves was shot in the groin. Horn had been notified that he was discharged. He owned some stock in the paper, and after surrendering it said "they have robbed me," and began shooting. After he had shot the two men he gave his revolver to his fellow workers, and waited for the police to come and arrest him.

Special to the Herald.

Waters Pierce Tax Unpaid.

Austin, Texas, Nov. 23.—The controller states that the Waters Pierce Oil company has made no move to pay the gross receipts tax and that penalties are accumulating as a result of the delinquency. Federal Receiver Doehster takes the position that the taxes must be paid under an order of Federal Judge Bryant, and that order must have not been made as yet. The gross receipts law does not say receivers shall pay such tax, but imposes a penalty, in another section, if receivers do not pay the tax. There promises to be a nasty controversy over the payment of the tax.
